SUPPLEMENTAL REMARKS

Dear Sir :

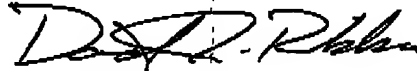

Thank you for the return of the fourteen pages of previously-filed PTO-1449 forms. We note that two references on those forms are marked as having not been considered. These references are *Omi et al.* "Modified Schocket Implant for Refractory Glaucoma," Ophthalmology, 98:211-214 (1991) and *Elander*, "Scleral Expansion Surgery does not Restore Accommodation in Human Presbyopia," J. Refract Surg., 15(5):604 (1999). These references were previously filed and should have been considered. As a courtesy copy has already been provided after the originally filed copy, Applicant believes that the references are available to the Examiner. However, if another copy is needed, the Examiner is requested to contact Applicant's attorney at the phone number below.
